Soft Skills

Software Development Object-Oriented Programming (OOP) Data Analytics Skills Leadership	Critical Thinking Project Management Creativity and Innovation Flexibility	Time Management Problem-Solving Ability Team Collaboration Self-Motivation

Experience

1. **Orange Coding Academy, Irbid/Jordan**   **May 2024 - Nov 2024**
   Full-Stack Development Trainee
   <u>**Work Experiences:**</u>

- Completed intensive training in full-stack development, including both front-end and back-end technologies.
- Developed and maintained web applications using HTML/CSS, JavaScript, C#, Typescript, and Angular.
- Implemented responsive designs and user interfaces using Bootstrap and Angular.
- Built and consumed APIs using ASP.NET Core Web API, enhancing application functionality and data exchange.
- Worked with SQL and SQL Server for database management and querying.

2. **UN Women, Ajloun/Jordan**

   Sep 2023 - Feb 2024

   Administrative Assistant

   - **Work Experiences:**

   • Performed accurate and efficient data entry of sewing-related information, managing and maintaining an inventory of sewing materials.
   • Coordinated and organized the work of girls, ensuring smooth operations and effective teamwork.
   • Collaborated with seamstresses, caregivers for children, and users to ensure a well-organized workflow and fostered a supportive working environment.

3. **Ministry of Digital Education, [Location]**

   Jun 2022 - Dec 2022

   Digital Identity Activator

   - **Work Experiences:**

   • Assisted in activating digital identities for users and guided them through the activation process.
   • Tested the digital identity application, explained its features and advantages, and identified areas for improvement.
   • Provided advice on enhancing user experience and effective activation of the application.
   • Collaborated with technical teams to ensure the application was improved and met user needs.

4. **Ajloun National University, Ajloun/Jordan**

   Jun 2021 - Dec 2021

   Computer Maintenance and Customer Service

   Work Experiences:

   • Performed computer maintenance and troubleshooting to ensure the proper functioning of university hardware and software.
   • Provided customer service support to students and staff, addressing and resolving technical issues efficiently.
   • Assisted in managing and maintaining computer labs, including installation and configuration of software and updates.
   • Offered guidance and training to users on basic computer operations and troubleshooting techniques.

Projects

1)**Portfolio** ([GitHub Link](#))+ ([GitHub Link](#))
Description: This project is done using HTML, CSS, and Bootstrap. It includes my experience, projects, skills and education. It features a responsive design with a clean, modern aesthetic.
1) UI/UX ([GitHub Link](#))
Description: Created wireframes and mockups for an e-commerce platform featuring organic coffee products from Jordan. Enhanced skills in color, shape, and photo integration for a modern and attractive design.
2) HR Management System ([GitHub Link](#))
Description: HR system designed to facilitate various HR-related tasks and processes using HTML, CSS, Bootstrap and JavaScript.
3) Feedback System ([GitHub Link](#))
Description: Feedback System includes functionalities such as user authentication, course management, dynamic feedback submission, and result visualization using HTML, CSS, Bootstrap, JavaScript, and C# ASP.NET Web Forms.

4) Parliamentary Jordanian Election System ([GitHub Link](#))
Description: This system has been developed to facilitate online voting, application submission, advertisement management, and election result display. The primary objective is to create a comprehensive platform for managing elections within Jordan, utilizing ASP.NET MVC5 with C# for its core functionalities.

5) Mini E-Commerce System ([GitHub Link](#))
Description: development of a fully functional e-commerce website using modern web technologies, including HTML, CSS, JavaScript, SQL Server, C#, and ASP.NET MVC.
